

QUALITY POLICY

Rubió Metabolomics, S.L.U. ensures the quality of its products and services by complying with the commitments by the requirements of the UNE-EN-ISO 13485:2016 and UNE-EN-ISO 9001:2015 Standards, including ALL the essential safety requirements of Directive 98/79/EC transposed in Spain by Royal Decree 1662/2000 and ensuring compliance with future regulations such as 2017/746.

After more than 18 years of experience, our hallmark, OWL Metabolomics, is at the forefront of biotechnological innovation, pioneering metabolomics through its application to the development of diagnostic systems for high-prevalence diseases and the provision of services for research.

Purpose:

At Rubió Metabolomics our approach is clear: we use metabolomics to drive discoveries that can improve patients' lives and generate innovation. As a committed team, we work together to turn scientific knowledge into practical solutions for the real world.

Vision:

We see a future in which our work can produce great improvements in different areas of knowledge, society, and the world of health. Guided by trust, teamwork, and a clear idea of what the future should look like, we aspire to improve everyone's lives.

In addition, the Management wants to outline the following **STRATEGIC VALUES**:

SERIOUSNESS AND PROFESSIONALISM: We aim to do a better job, developing the necessary means to guarantee an optimal result for our stakeholders.

COMPETENCE: Our true value is **HUMAN CAPITAL**. We count on highly qualified staff for the development of our activities. Thanks to work, commitment and effort, Rubió Metabolomics has become a benchmark in the provision of metabolomics services. We work as a team, encouraging the active participation of all those who are part of our organization.

CUSTOMER SERVICE: Meeting the needs of our customers is our main goal as much as providing products and services that, complying with current legislation, are up to the requirements established by them.

CONTINUOUS TRAINING & CONTINUOUS IMPROVEMENT: We encourage the improvement of the skills of our employees and we strive to continuously improve our equipment and work processes.

RISK MANAGEMENT & MARKET SURVEILLANCE: In our day-to-day work we guarantee the security and improvement of our products and services.

The Management of Rubió Metabolomics ensures that its Quality Policy is understood and accepted by all staff and is made available to all its stakeholders through its website.
